Worship with Trinity Parish Virtually

We are livestreaming Sunday worship and Wednesday evening programming. Download a service bulletin and worship with us. *It is easier than you think!*

1. Choose Your Platform:
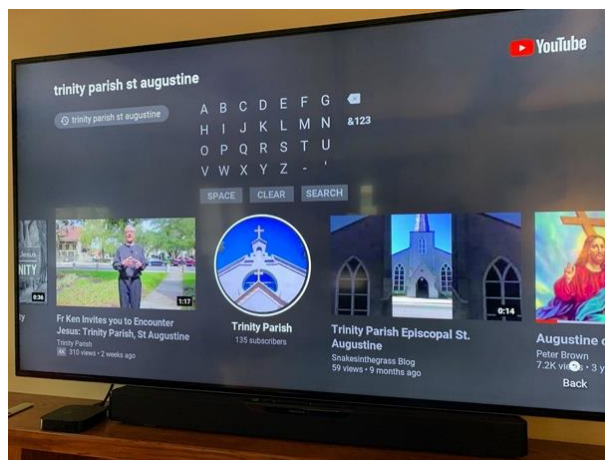

- Phone
- Computer
- Best!! Smart TV!

2. Pick a Streaming Method:

- youtube.com/trinityparishsta
- facebook.com/trinityparishsta
- trinitysta.org/worshiponline (page creation in progress)

3. If Using a Smart TV

YouTube from your Smart TV

1. Once connected to the Internet, click the "menu" button on your remote control.
2. Your Smart TV channels will now be displayed. Scroll to find **YouTube.**
3. Click on **YouTube**, type in **Trinity Parish St Aug** and click search.
4. Scroll to find our **Trinity steeple icon (steeple in the circle photo).**

5. Click **Trinity Parish.** This will take you to all Trinity YouTube videos. Near the top, **Click "Subscribe." There is a small bell icon next to subscribe. Click on the bell. Click "All".** This will allow you to be updated with the latest videos from the Church.

<u>Facebook from your Smart TV</u>

There are a variety of ways to watch "live" via Facebook

Log in to your Facebook account with your Laptop, computer, phone, or TV (if you have an internet browser). Find the Trinity Parish, St Augustine, FL page (facebook.com/trinityparishsta) and watch the live Video.

If you are not connected to the internet follow these Instructions:

1. Power on your Smart TV

2. Press the **Menu**, **Home**, or Smart HUB button on your remote (this will take you to the Home menu)

On Roku

1. Power on device
2. Click the **home** button on your remote
3. Click the **Settings** Button then **Network button and activate now**
4. **Choose wireless** then set up wireless connection **Click your wireless connection then passcode (This may take a few minutes)**
5. **Click OK** to finish

On an Element Android TV

1. Power on device
2. Click the **home** button on your remote
3. Click the **Settings** then **Network** button
4. Select your desired network then connect

On an Element Smart TV

1. Power on device
2. Click the **Menu** bottom on your remote
3. Navigate to **Network** followed by **Wireless**
4. Select your wireless network, enter your password then click OK

On an Apple TV

1. Power on device
2. Click the **menu** button on your Apple remote
3. Click on **settings** at the top
4. Click on **General**
5. Scroll down to **Network**
6. Click **Wi-fi** and connect to a network
