

PROMOTION

ST. AUGUSTINE PRIVATE SCHOOLS AND EARLY EDUCATION

THE EDUCATION OF OUR CHILDREN IS OF GREATEST IMPORTANCE. WITH THE HELP OF THESE LOCAL PRIVATE SCHOOLS, YOU CAN CHOOSE AN ENVIRONMENT THAT IS TAILORED TO YOUR NEEDS AND WILL HELP YOUR LITTLE ONES LEARN AND GROW.

Trinity Episcopal Learning Center

2K - VPK • CHRISTIAN EARLY LEARNING CENTER

Trinity Episcopal Learning Center, founded in 1994, has a long history of excellence in early childhood education. Serving ages 2 years old through Pre-K, Trinity's faith-based program uses a well-rounded, developmental curriculum that focuses on each child's special way of learning. Starting in 2020, a new, longer school day (8:30-2:30pm) extends opportunities for further enrichment activities. Weekly Chapel, Spanish, Sign Language, Science, Cooking, Art and field trips will be integrated into the foundation basics of letters, numbers, writing and sounds. Using an instructional scaffolding method, concepts are introduced in the 2 year-old program and expanded on through Pre-K. "I am excited about the new program, new structure, and refreshing change with more options for our families," said T.E.L.C's long-time director Tammy Walthall. "With the extended school day, we have the time to make the real life connections between the alphabet they are learning and the science or art words and concepts that go with that particular letter." Low student to teacher ratios allows teachers to customize curriculum to the child, meeting greater individual needs. "Students learn independence and peer social skills that are key for building confidence in their own abilities to learn," said Walthall. T.E.L.C is an educational ministry of Trinity Parish and is located in historic downtown St. Augustine.
